

SPAZIO[®]
by David Di Meo Design
www.spaziocollection.com
Made in USA

European soft seating

Inspired by soft & natural international coastal ease, the spazio performance soft seating collection embodies the notion of “tulum meets mykonos” and in-between.

Designer

Designed by **David Di Meco Designs**, the chairs are a sophisticated, luxurious take on the classic international soft seating designs from the 1960's, putting them in a class all their own. With grand, performance features and a commodious yet sleek design, this collection truly makes a clear statement in terms of presence and scale.

Inspired by soft & natural international coastal ease, The Spazio Performance Soft Seating collection embodies the notion of "Tulum meets Mykonos". The collection combines the ease of soft seating with the high-end, modern design style and quality demanded by properties.

The collection highlights remarkable outdoor performance characteristics. The pieces merge the ideas of style and comfort together, featuring wide, straight arms, and ample and inviting depth ideal for lounging and relaxing.

The collection's ease & flexibility fits well in desert states, as well as inner-city and coastal applications gaining several iconic hotels' attention and from Miami Beach to Los Angeles, Palm Springs, and Ibiza onto Mykonos and Milan.

We took a lot of time to develop the right durability, the result is performance soft seating that is different from your typical 'what's out there' and just as important...flexibility for properties.

Proudly Made In USA

Patriotism and premium quality intertwine with Spazio, an American designed and manufactured collection of premium outdoor furnishings. It is our goal to support the American workforce and strengthen our country's economy, providing careers for hardworking U.S. citizens and financial stability for their families. Spazio Collection stays true to our mission by employing all design, production, and sales right here in the great U.S.A.

Not only do our American-made values uplift our country's people, but they also promote sustainability by reducing transmission fuel used in transportation, therefore lessening our carbon footprint. This mission also improves operations by shortening supply chain issues.

We invite you to join our initiative and rediscover authentic American design and manufacturing by exploring our Spazio Collection.

Spazio Center Armless

Inspired by soft & natural international coastal ease, The Spazio Performance Soft Seating Collection embodies the notion of "Tulum meets Mykonos" and in-between.

The collection combines the ease of soft seating with the high-end, modern design style and quality. With grand, performance features and a commodious yet sleek design, this collection truly makes a clean statement in terms of presence and scale. They are slick and distinguished with a simple execution, and their volume and scale give them a grand presence as well as an inviting, all-enveloping sense of comfort.

The collection highlights remarkable outdoor performance characteristics. The pieces merge the ideas of style and comfort together, featuring wide, straight arms, a ample and inviting depth ideal for lounging and relaxing.

Spazio Soft Seating incorporates European casual relaxed design, timeless tradition and quality into a modern marriage and understatement of 'life' and 'style'.

Each piece can be used in a full outdoor space, such as a patio, terrace, or deck, but also could be used indoor and can stand up to commercial traffic, pets and children.

The collection is offered in 7 Sunbrella Cast Colors designed to add a specific distinction to any outdoor design aesthetic or atmosphere. The removable and washable covers adds to the products flexibility & durability.

The water-resistant cover is removable for easy cleaning and has a waterproof bottom, making these outdoor bean bags suitable for use also on grass or sand. A durable, tear-resistant nylon liner contains the bead fill and provides another layer of protection against moisture.
